RE: WA758 Totem Lake – Minor Modification to Existing PWSF at 14216 132nd Ave NE

As the applicant in this project representing AT&T, it will be assured that AT&T will comply with all applicable FCC and FAA regulations and applicable standards and all other applicable federal, state, and local laws and regulations. Please refer to the FCC Certification Letter prepared by Ken Seymour, 11/30/11, showing compliance with current FCC and county guidelines for human exposure to radiofrequency electromagnetic fields.

As the applicant in this project representing AT&T, it will be assured that the installation, repair, operation, upgrading, maintenance, and removal of antenna(s) by AT&T shall be lawful and in compliance with all applicable federal, state, and local laws, orders, ordinances, and regulations.

Antenna usage will not interfere with other adjacent or neighboring transmission or reception communication signals. Should AT&T's antenna usage be found to be interfering with other adjacent or neighboring transmission or reception communication signals, AT&T will eliminate the interference as is required by FCC regulations and AT&T obligations as an FCC licensee. Please refer to the attached FCC license for this project.

I/we Rebecca Todd hereby certify that the above statements and the information contained in any papers or plans submitted herewith are true and accurate to the best of my knowledge.
